## FARMER'S MARKET

Where freshness abounded!

Hosted by the Organic Farming Association of India (OFAI), this special area was a treasure trove of delightful organic products. It provided a unique opportunity for our visitors to connect directly with Farmer Producer Organizations (FPOs) and Agripreneurs, making the event an interactive farm-to-table experience!

### CONFERENCE SESSIONS Unleashing wisdom in every session!

Packed with presentations, discussions, and insights from global industry experts, the conference sessions catered to the diverse needs of the Organic, Natural, and Millet segments. It was a houseful and attendees left enlightened and inspired by the wealth of wisdom shared.

### NATURE'S NEW AND NOW Unveiling industry trends!

This special area dazzled visitors by showcasing the trends of 2024: "Super Foods & Ingredients," "Precision Agriculture," and "Clean Beauty." Exhibitors whose products and innovations aligned with these trends not only garnered attention but also educated visitors, becoming beacons of insight and innovation.

## **BIOFACH E-JOURNAL & PODCASTS**

**Your go-to knowledge hub!**

This is the ultimate industry platform that offers expert podcasts and in-depth articles, serving as India's leading resource for the Organic, Natural, and Millets Industry. It's an essential guide for staying ahead in the field!

BIOFACH INDIA serves as the flagship event for India's organic production and exports. Now in its 16th edition, we've witnessed tremendous growth in the profile of organic exporters, with several well-established global brands emerging from India. The country now boasts a robust organic supply chain, and the exhibition provides a vital platform for more organic food producers to gain exposure. This event will greatly benefit them as it highlights the vast opportunities the global organic market offers to India.

**Shri. Rajesh Agrawal IAS, Additional Secretary, Department of Commerce, Government of India**

Indian organic products hold immense potential to capture a larger share of the international market owing to India's vast agricultural diversity, growing consumer demand for organic food products coupled with growing awareness about health. We aim to educate and raise awareness about the benefits of these practices, not only for our health but also for the environment and our local communities.

**Abhishek Dev, Chairman, Agricultural and Processed Food Products Export Development Authority (APEDA)**

As India's largest milk brand, Amul works closely with farmers, providing a direct platform for certified organic producers and making organic products widely available across the country. This is our third time at BIOFACH INDIA, and as a newer player in the organic market, we gain valuable insights and connect with key industry stakeholders. It's a must-attend event for anyone in the organic sector, as India's potential for organic products is immense, with growing consumer demand and farmer interest.

**Nimit Doshi**, *Head Emerging Channel & Organic Business, Amul Organic*

BIOFACH INDIA is the heart of the organic industry, where we consistently connect with our ideal clients and business partners which is one of the key highlights of the exhibition. Having participated for several years, we leave each time with great satisfaction, and this year's edition was no exception. It has been outstanding once again.

**Prarit Bhardwaj**, *Head - Business Development, Pavitramenthe*

Our experience at BIOFACH INDIA has been outstanding. We are receiving promising leads and discovering great business opportunities. We have been participating in BIOFACH INDIA for the past five years, and it has consistently been a successful event for us. We are excited about the opportunities ahead and look forward to even more business growth here. Thank you!

**Yogesh Sardana**, *Regional Sales Manager, Punjab Agro*

This is our first year at BIOFACH INDIA, and the response has been fantastic. As a company focused on organic sugar, we've had a great experience over the past two days, receiving order inquiries from various states and even exporters. Thank you for providing such a valuable platform to connect, engage, and forge new business relationships.

**Dhananjay Raut, Director, 21 Organic**

*Natural. Only. Wholesome.*

This is our first time at BIOFACH INDIA and it has been a great experience. We have received significant interest for our organic inputs - organic fertilizers and animal feed supplements. The buyer-seller meetings have been highly effective, and we commend the organizing team for creating such an excellent platform for connecting sellers and buyers. We look forward to continued participation in future global events.

**Tejas Kulkarni, General Manager, Arya Bio**

BIOFACH INDIA has been fantastic and truly represents the future of the organic industry! It's the one exhibition we never miss, as it remains the most significant and largest event for organic food in India. As a company focused on private and white-label products, we received numerous inquiries from businesses looking to offer their own organic and healthy lifestyle brand.

**Yatin Gambhir, Managing Director, Vedant Organics**
